

MATH BRUSH-UP WORKSHOPS

Which math class do you need for your degree?

Have you done math placement yet?

At Highline we have a variety of ways to place you into math classes: High school transcripts, prior college work, GED scores and more.

If these methods work for you, email your documents or questions to: entryadvising@highline.edu

If you cannot use one of the methods above you will need to take a math placement test. Follow the steps below:

- 1** Take a practice test to refresh skills and learn next steps (<http://bit.ly/3Qb4Uuz>)
- 2** Brush up on math skills by attending a **FREE** in person or virtual workshops:
 - These are drop-in, no pre-registration needed.
- 3** Retake the math placement test for your best math placement

For more info email: entryadvising@highline.edu or call (206) 592-3620

If you have a disability that requires special accommodations, contact Access Services at least one week prior to the workshop you'd like to attend at (206) 592-3857 or access@highline.edu
